 - New Registry & Membership Drive
 - Volunteers needed
 - Next SCI Goat Happy Hour (7pm ET Wed March 23) – Business models / plans
4. Around the Herd – 1 minute each
5. Insight Needed
6. Brainstorm – 5 minutes

Agenda

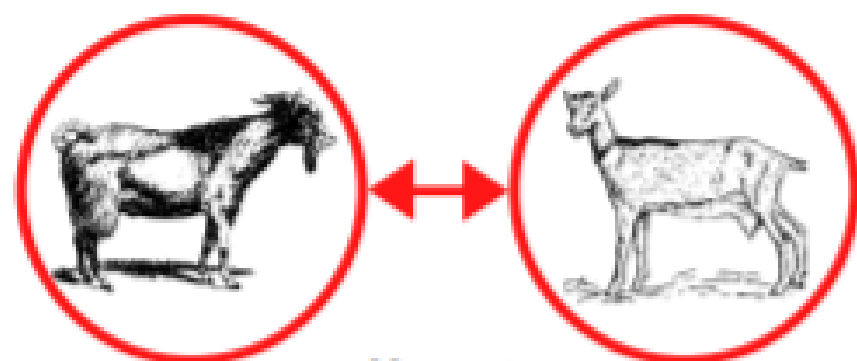

17 Topic of the Night – Bloodlines & Breeding Programs

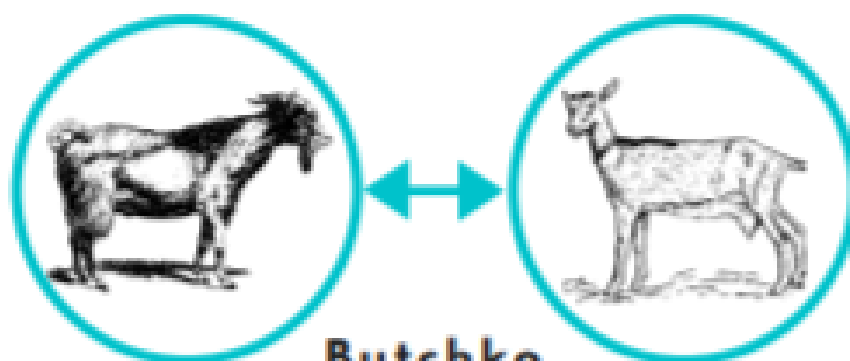

- What is a bloodline?
- Historic SCI Bloodlines
 - Updates on NH & Tepper Lines
- Why Preserve
- Is this for me? Do you know your goats bloodlines?
- Breeding Programs (Clan breeding / Co-ops)
- How to pursue working with a bloodline?

1 Assign each breeding herd(s) to a "clan" based on their ideal pairing and genetic distance.

WESTERN REGION BREEDING PROGRAMS

Bella Vita

Butchko
and Ames

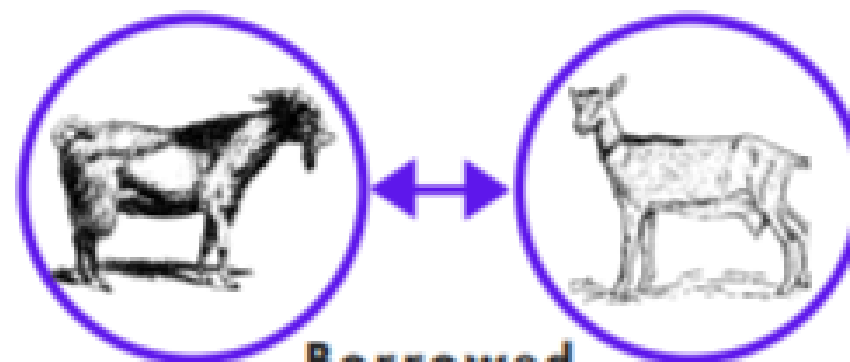

Shooting Star
Valley

EASTERN REGION BREEDING PROGRAMS

Henz &
Houndz

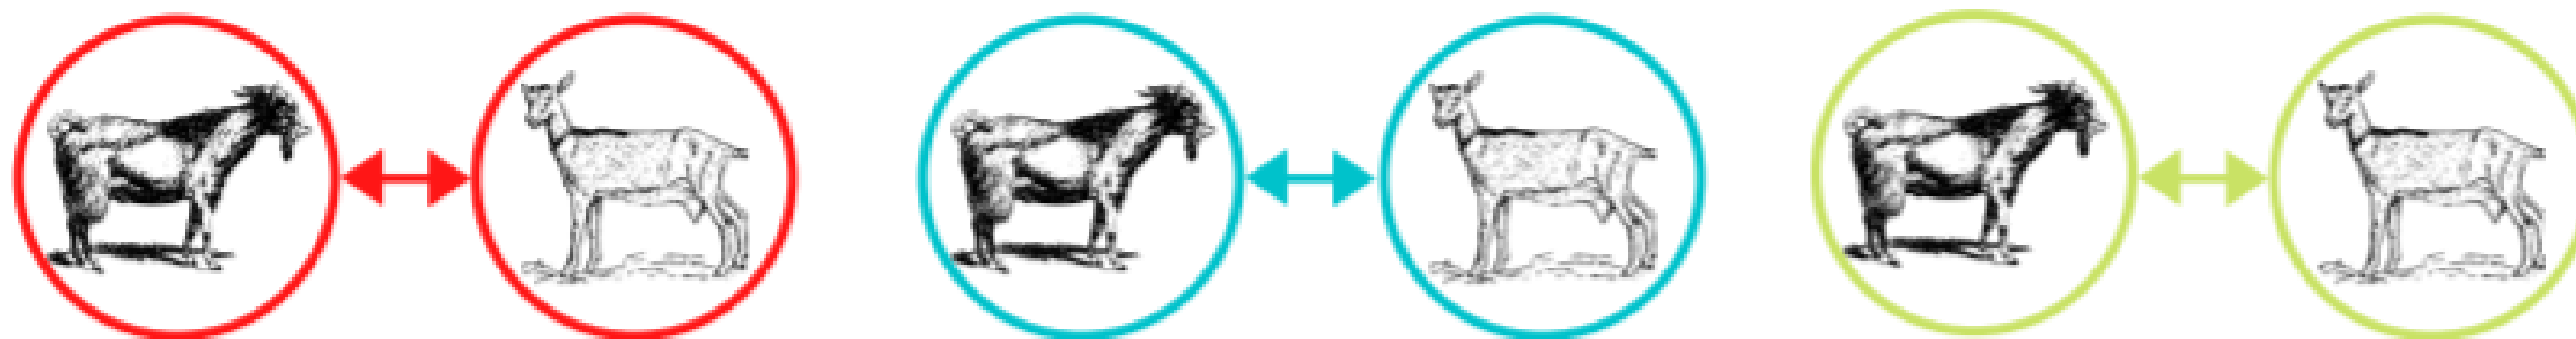

Borrowed
Homestead

Wild Bill Clan

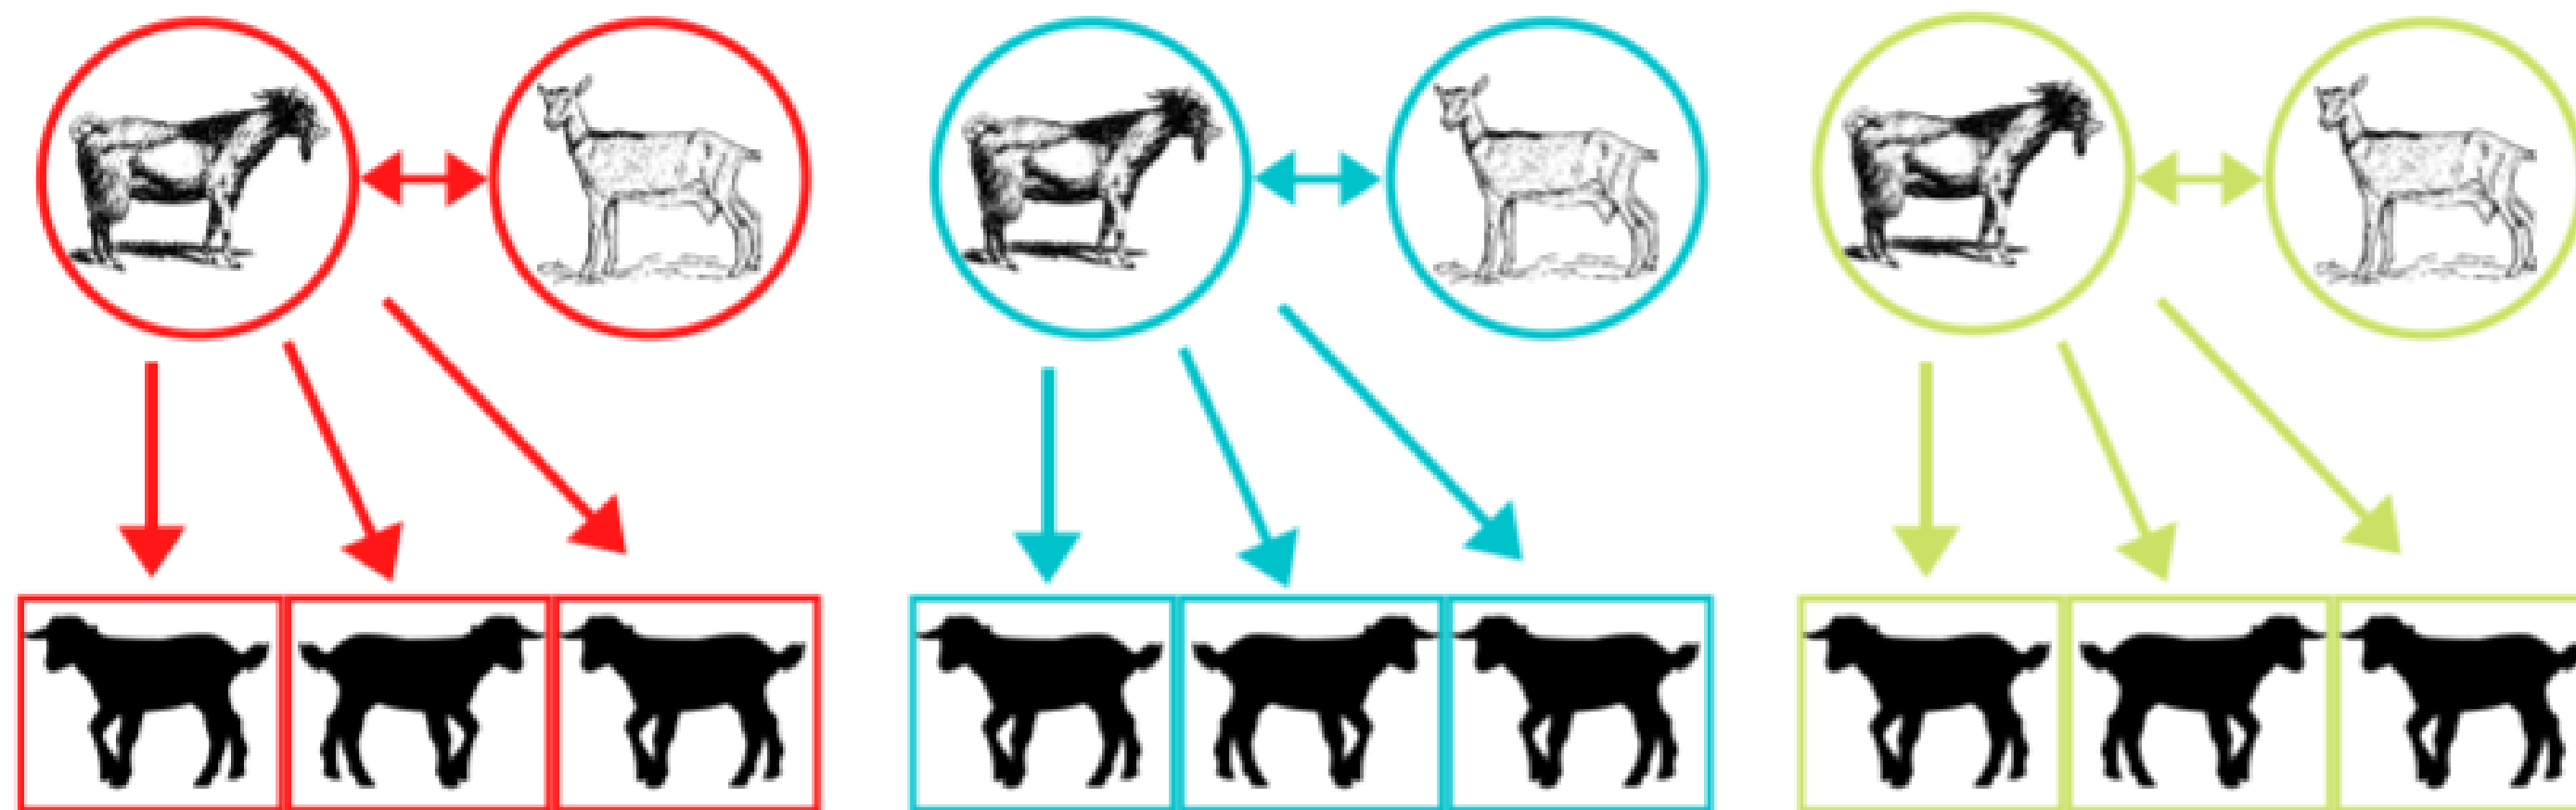

Phoenix Clan

O'Malley Clan

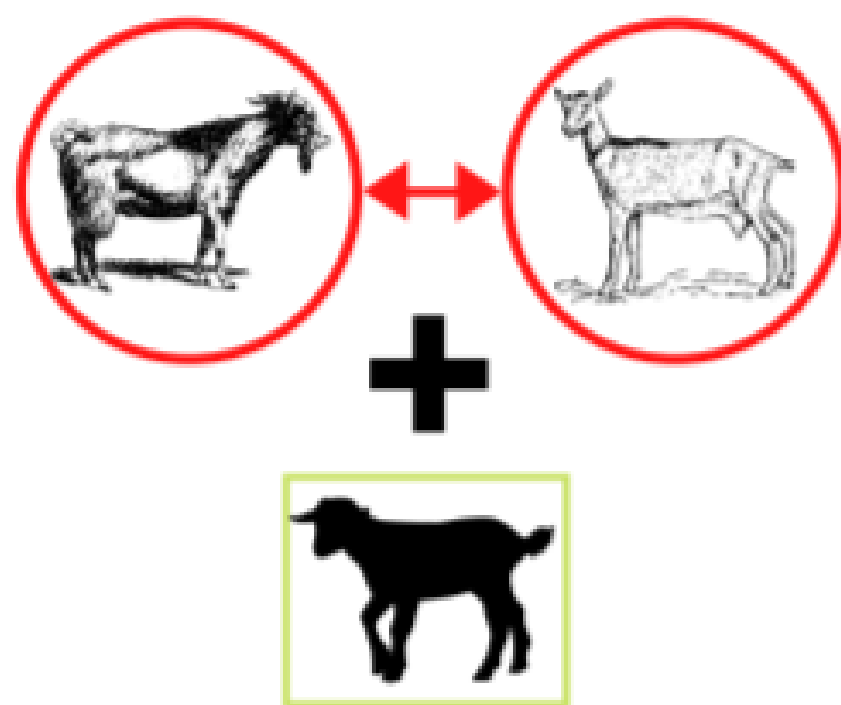

2 Start by breeding buck to doe of the same clan,

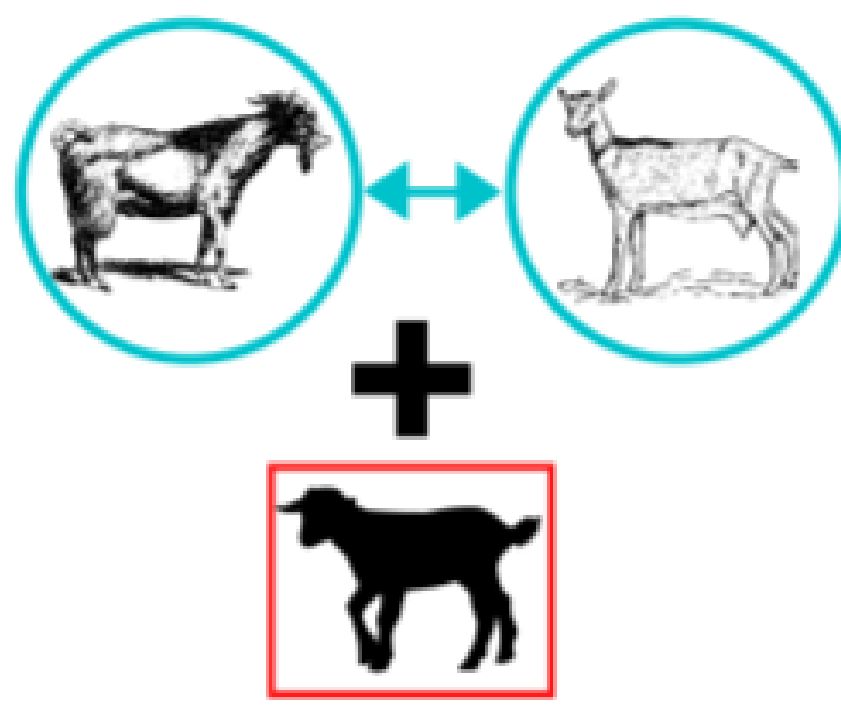

& assign all kids to the clan of their father.

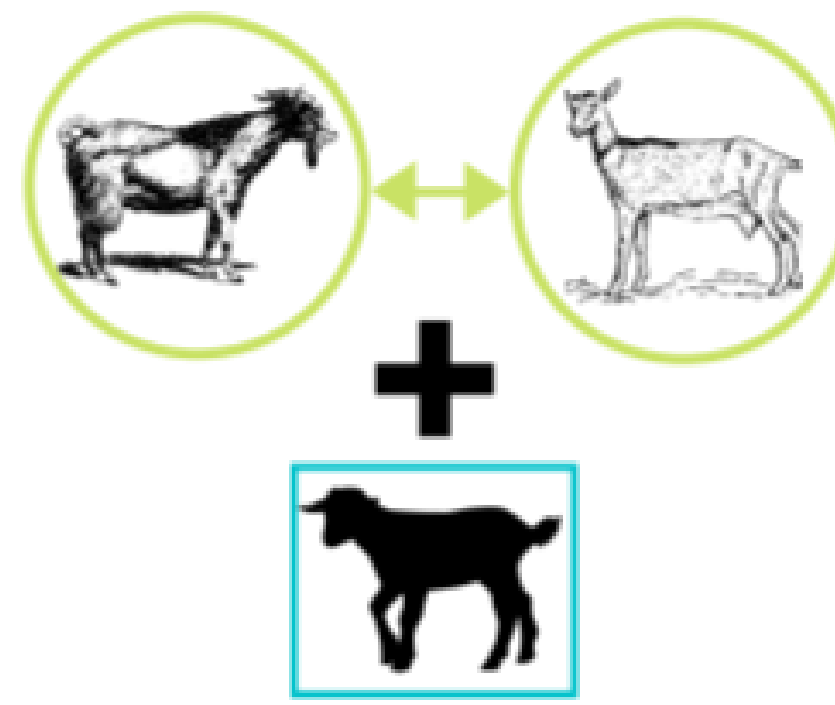

3 When a new doe is required for a breeding program, source it from the offspring of the "next clan over".

Wild Bill Clan doelings
to Phoenix Clan bucks

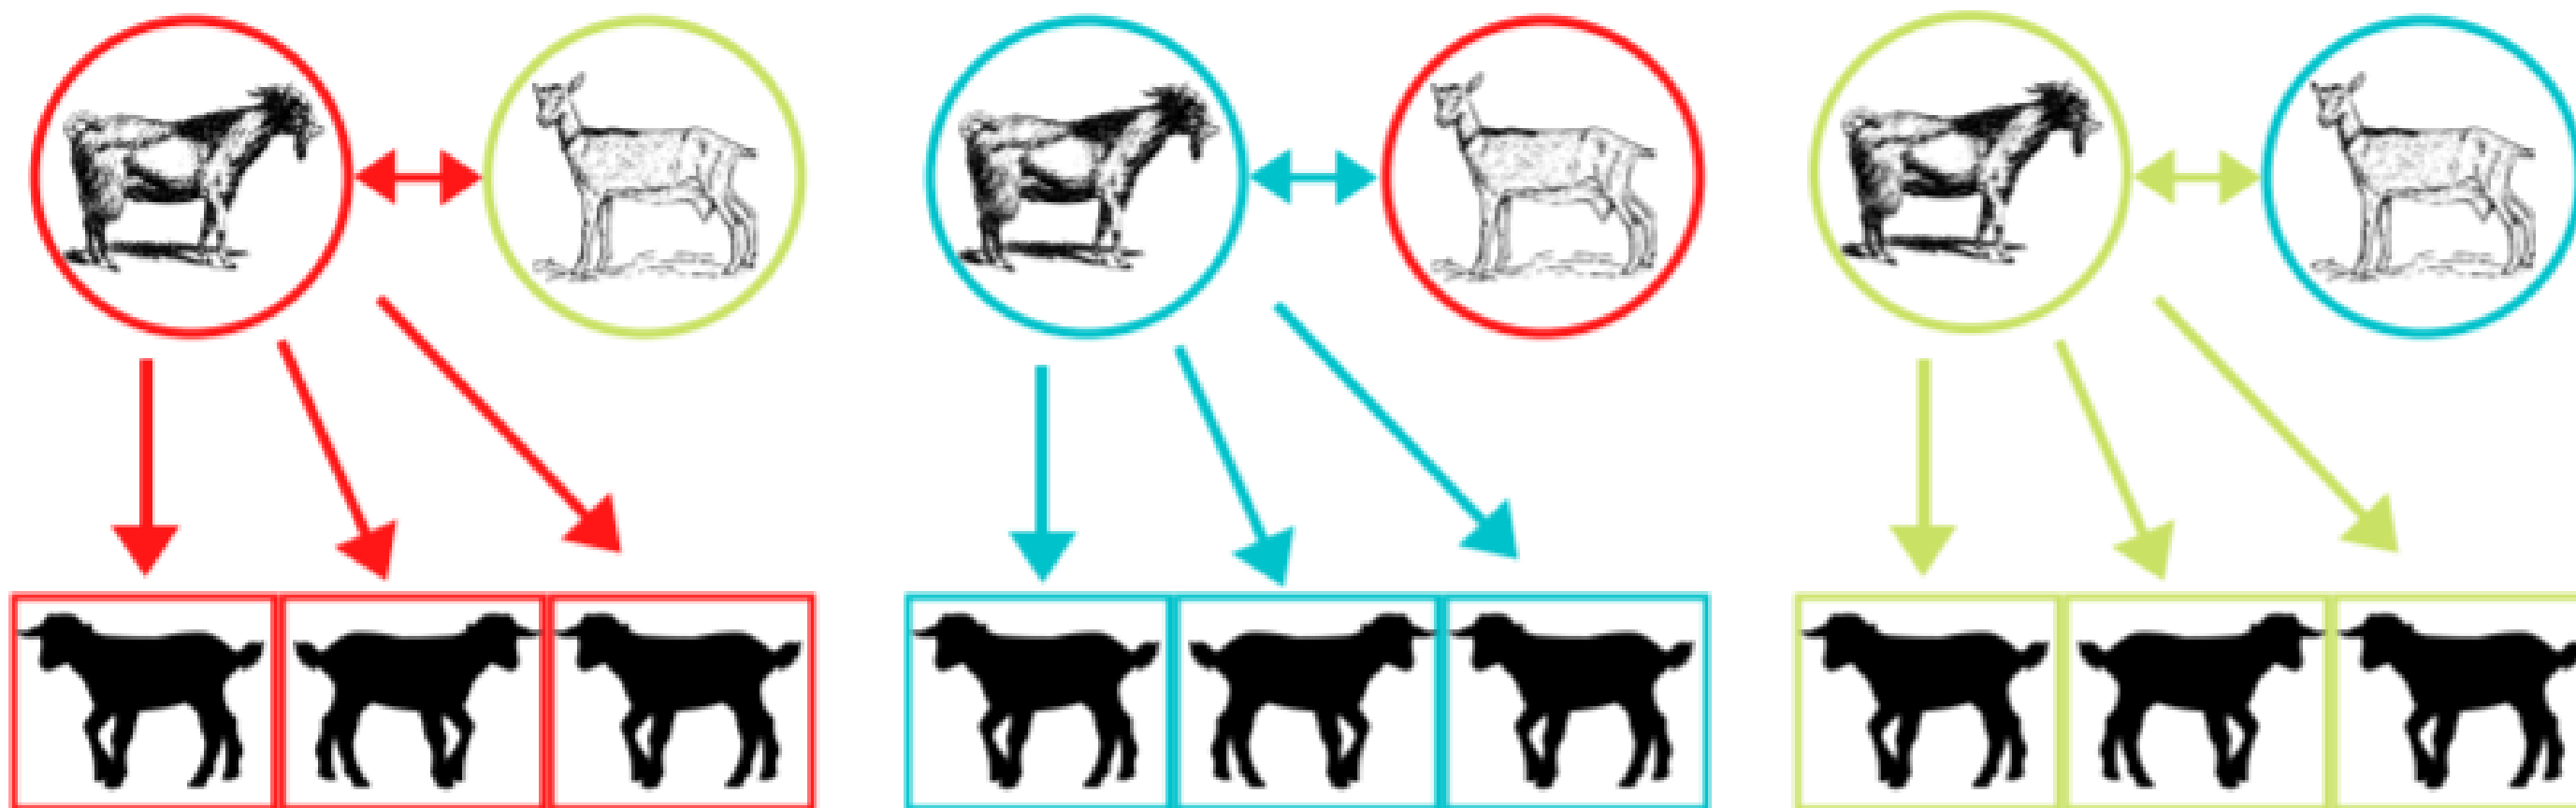

Phoenix Clan doelings
to O'Malley Clan bucks

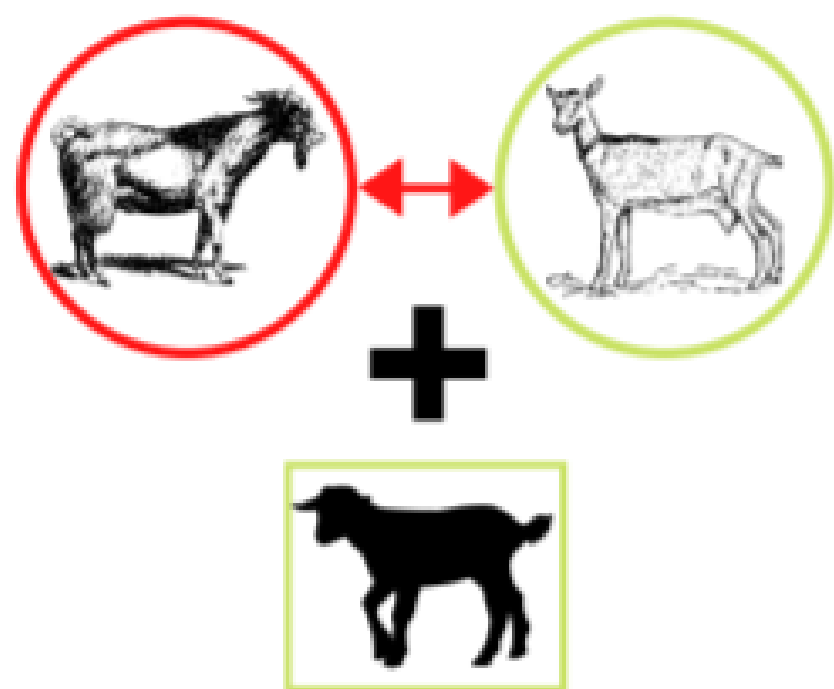

O'Malley Clan doelings
to Wild Bill Clan bucks

4 Continue assigning all kids to the clan of their father.

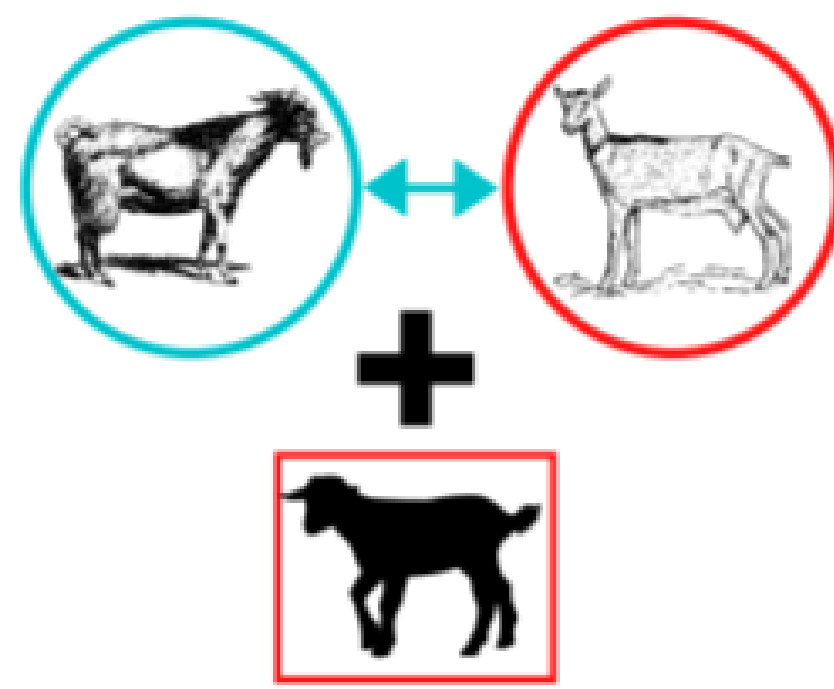

5 When adding doelings to your breeding program, always choose stock from the original "next clan" order.
